I have no idea. Nothing in my time here. I heard this claim at the meeting Wednesday (Barbara was also there) and this was the first I had heard of such a claim. My guess is there might be reference to this issue in the non-binding master plan from years ago (not adopted by the City). There might be a MOU or something also in that file.

There was a planning file somewhere. Ruth might know. Bill Roberts was the keeper of the file when he was here. It was passed (or left) to the planner who sat in his cube... was that you? MT

Matt-

Do you know the date ranges for these, by chance?

-----  
Also, I would like to do an open records search of the two previous submissions and subsequent rejections by the City of a 1200 seat stadium with light and amplified sound at Edgewood  
-----

Thanks!

Heather

Hi Heather and Matt.

Please see the open records request below and provide it to me. I will respond to that and her question about the decision being postponed until a new alder is elected together.

Thanks,

Enis

> Message: Hello Paul, So sorry to trouble you...you have been a good friend and listener in the past.  
As you are aware, in District 13, the Edgewood Athletic Stadium is coming before the City (again). A  
meeting of concerned neighbors, Edgewood reps and City reps was held last night. It was a thoughtful  
meeting and many views (many conflicting) were expressed. A concern I have, is that District 13 does not  
have an elected alder, one who lives in the Dudgeon/Monroe/Vilas area -- as we did have with Ken Golden  
> when the Edgewood Master Plan was created ...maybe 10 years ago. Is there
